

Electronics & Information Technology Research Conference (EITRC)
Dhaka, Bangladesh

Call for Papers & Posters

Academics and professionals are invited to submit original research papers for presentation, and/or poster for exhibition in the conference. Selected papers will be published in the official conference proceedings. EITRC accepts original and unpublished papers, which may belong to but are not limited to the following areas:

<u>Consumer & Industrial Electronics</u>	<u>Software Engineering</u>	<u>Telecommunication</u>	<u>Computer Science</u>
Electronics & Electrical Engineering, Biomedical Electronics & Bioinformatics, Power Electronics, Mechatronics, Robotics, Artificial Intelligence <u>IT Education</u> IT Education, Laboratory innovations, Curriculum design, workplace issues & ethics, Security & Hacking, Research Ethics	Algorithms & Applications, Software Systems & Applications, Programming languages & performance evaluation, Multimedia systems & services, Security & information systems, Automation, Managing Software Projects, Multimedia & Visual Software Engineering, Software Maintenance & Testing, Web Engineering, Quality Management	Communication Engineering, Mobile Communication & Computing, Wireless Networks, Network Performance, Cyber Security, 3G & 4G communications, ICT for smart cities, Smart grid communications, Powerline communications, Vehicular networking <u>Others</u> E-Learning, e-Business, Enterprise Information Systems, E-Government, IT in Health Care	Networking, Communication and Multimedia Information, Grid & Cloud Computing and Applications, CAD/CAM/CAE, Computer modelling & Applications, Modelling & Simulation of Systems, Computer Human Interaction, High Performance Computing, Augmented & Virtual Reality, Quantum Computing

Submit your abstract by 07 April or full paper by 30th May.

The revised paper based on reviewers' comments must be submitted on or before 30 June.

The abstract should include the **research aim or problem, a short description of the research background and methodology, and the key results or findings**. Follow the '*EITRC paper template*' available on the conference website to prepare and format the full paper for publication in the conference proceedings "EITRC Book of Papers".

The submitted abstracts and papers will be primarily evaluated by the members of the Technical Committee nominated by the *Conference Chair*. Full papers written and formatted as per the recommended paper template will be double-blind-reviewed by relevant experts of professorial level before accepting for publication in the conference proceedings. A limited number of papers and posters will be selected for oral or poster presentation in the context of the sessions. Only the selected full papers recommended by the reviewers will be considered for inclusion in the "EITRC Book of Papers".

Please email the abstract or full paper to: eitrc@crisat.net

Further details can be found at the conference website <http://eitrc.crisat.net/>

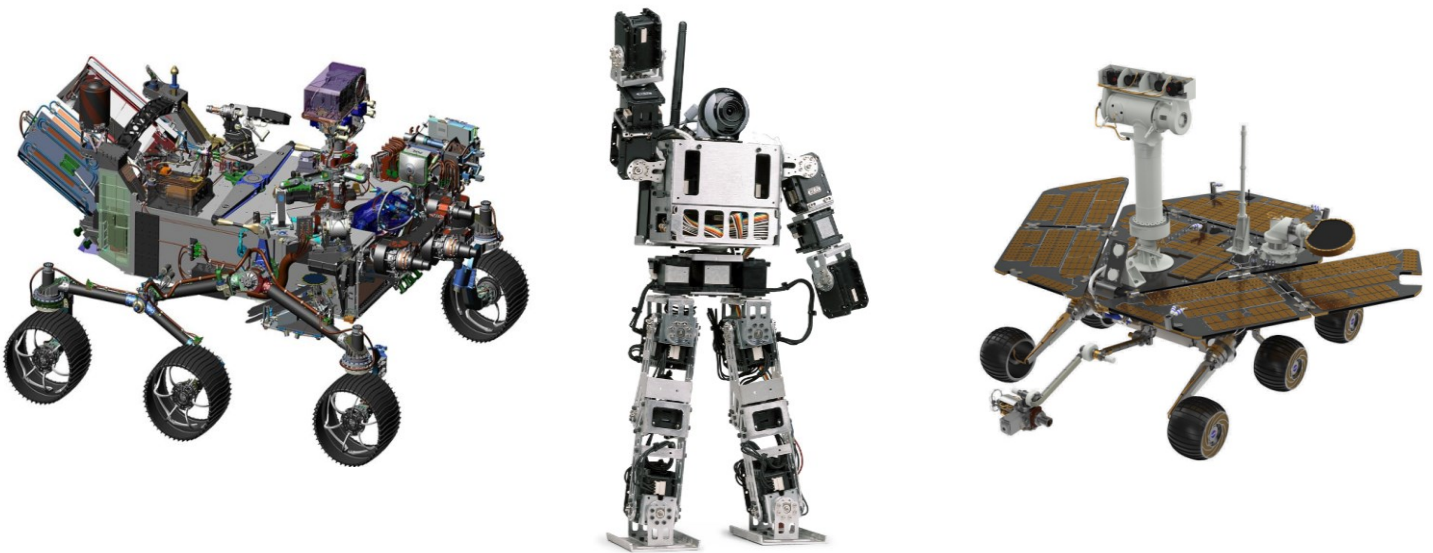

Call for Projects

High-Tech Project Exhibition

on the occasion of

Electronics & Information Technology Research Conference (EITRC)

Dhaka, Bangladesh

- ❖ A great opportunity for the Undergraduate and Postgraduate teams to exhibit project works in the areas of **electronics and information technology**, e.g. **“Mars Rover”, “Robotics”, “Intelligent Systems”, software/apps** etc.
- ❖ A team of maximum four (04) members will be allocated a table/space for exhibiting projects and a place for hanging poster within the conference premises.
- ❖ A participation fee of BDT 1,000/- (one thousand taka only) per person/ exhibitor will be applied which will include refreshment and food for each participant.
- ❖ Expression of interest with a brief description of the project to participate in the exhibition can be sent at eitrc@crisat.net and further details about the conference can be obtained from <http://eitrc.crisat.net/>.
